## Youth Leadership Programme

Many students have used the programme to work towards their Bronze, Silver and Gold Awards for Duke of Edinburgh.

Weekly sessions run for 1.5 hours, after school, during the school terms.

### Level 1 - 11-13 year olds

*Is about having fun, making new friends and trying out different activities*

### Level 2 -14 year olds

*Build on the experiences from L1 and looks to help you realize how capable and talented you are. Fun is still a big factor but trips become more adventurous.*

### Level 3 –15 year olds

*Taking ownership and stepping up. More choices about the activities you want to do, with some group projects to work on.*

### Level 4 –16 years plus

*Your year to make things happen. As a group you choose, plan and organise all the activities and camps you want to do during the year. Finishing with a 5-6 day expedition.*

### Level 5 (Raise Up n' Represent)

*Become the Raise Up n' Represent Crew. Various activities including mentoring, volunteering, regular activities and event planning for youth in the community*

## Programme Costs

Course Fees — \$200

Easy Pay options and some subsidies are available. There may be additional costs for any out of town camps attended.
